FLYING INSECT TREND ANALYSIS FOR ENTIRE SITE

- Sum of House Flies
- Sum of Blow Flies
- Sum of Stored Product Insects
- Sum of Wasps
- Trend House Flies
- Trend Blow Flies
- Trend Stored Product Insects
- Sum of Night Flying Moths
- Sum of Small Flies, Midges
- Sum of Bees
- Sum of Others
- Trend Night Flying Moths
- Trend Small Flies, Midges
- Trend Wasps

Please note

- The bars on the Tend Analysis graph indicate the total sum of separate category flying insects for all the catch trays in each service.
- The trend line on the trend Analysis graph indicates the current trend for each separate category upto the service complete. This is likely to change as more service data is analysed.

Tray	Recommendations
